7 Important Email Security Tips You Should Know About (a condensed version)

September 14, 2012

By Joel Lee

For more details, visit: http://www.makeuseof.com/tag/7-important-email-security-tips-you-should-know-about/?utm_campaign=newsletter&utm_source=2012-09-14

1. Use Separate Email Accounts

Having separate email accounts. Imagine if you could consolidate all of your work emails into a single work account; all of your friends and family communicate with your personal account; you have a recreational account for various websites; and a throwaway account for potential spam links.

2. Create A Unique Password

You should also have an entirely unique password for each of your email accounts.

3. Beware Of Phishing Scams

When someone sends you an email asking you for your personal information, you know right away that it's a trick. But there's another level to this scam and it's called "phishing." Basically, malicious users will imitate and impersonate high-profile websites (e.g., eBay, Amazon, Facebook, etc.) and say that they're experiencing trouble with your account; all you have to do to fix it is to send them your username and password to verify your authenticity. Sometimes they'll even link you to a false website that looks *exactly* like the real thing.

4. Never Click Links In Emails

Whenever you see a link in an email, 99% of the time you should *not* click on it. The only exceptions are when you're expecting a particular email, such as a forum registration link or game account activation email. Things like that.

If you receive a spam email that tries to sell you a particular service or product, *never* click on *any* of the links inside. You never know where they'll lead you. If you get an email from your bank or any other service (e.g., bill payments), always visit the website manually. No copy and paste. No direct clicking.

5. Do Not Open Unsolicited Attachments

If the email is unsolicited, *never* open any attachments.

6. Scan For Viruses & Malware

If you open an email and it seems suspicious in any way, go ahead and run a malware and virus scanner.

7. Avoid Public Wi-Fi

And lastly, avoid checking your email when you're on public Internet. Unfortunately, public Wi-Fi can be extremely insecure.

Ms. Bergin and Mrs. Miller, Media Center Staff

First Day of School

The first day of school for 1st-9th grades only for the 2017-2018 school year is **Friday, September 1**. This will be a half-day of school, dismissal at 11:45 a.m. Please note that the school **start time is 8:00 a.m.**

School Hours 2017-2018 School Year

8:00 a.m. – 3:25 p.m. (Grades K-5) Monday, Tuesday, Thursday, and Friday

8:00 a.m. – 2:15 p.m. (Grades K-5) Wednesday

Students may enter the building and report to their classroom at 7:55 a.m.

Students that arrive after 8:00 a.m., must sign in at the office so that attendance and lunch count may be adjusted.

From the Lunchroom

Reduced Breakfast:	\$0.30	Reduced Lunch:	\$0.40
Regular Breakfast:	\$1.70	Regular Lunch:	\$2.45

APRIL
